Guarantee

All of our products are covered by our manufacturers guarantee

10 Year profile discolouration guarantee

5 Year glass guarantee

1 Year hardware guarantee

Energy saving efficiency

All of our products are energy efficient. They are proven to keep the warmth inside your property whilst keeping the cold out, reducing your heating cost significantly

Our frames along with A rated double glazed units allow us to be able to offer the highest rating of energy efficiency double glazing. A rated!

A quieter home.

Our products provide excellent acoustic insulation, which will significantly reduce the noise transmission throughout your property, caused by outside noise, and in turn will create a quieter space inside.

Low maintenance & eco friendly.

The high quality PVCu eco friendly materials used in our products result in windows and doors that are very low maintenance. They do not peel, rot, crack or warp like their traditional timber equivalents.

It's all in the detail.

Our aesthetically detailed profile feature a slim-line sculptured 'ovolo' edge to compliment any property.

Security = peace of mind.

All of our windows and doors are designed to surpass even the most stringent security tests, with the latest features such as high security protected hinges and extra strong locking mechanisms for added peace of mind.

We also offer optional features, such as restricted opening for child safety as well as fire escape openings for upstairs rooms

Windows

Our window profiles can be made to the same style as the window it is replacing, or if you prefer a change we can provide a completely different style.

We offer a wide choice of beautiful styles, opening configurations and sizes to suit your requirements.

Casement

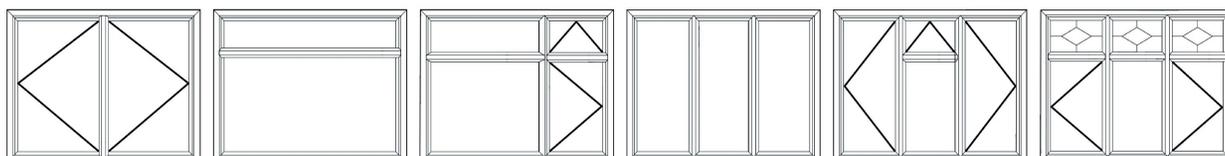

Casement windows remain probably the most popular, practical and versatile profile on the market .

We offer a wide range of beautiful styles, with opening configurations and sizes to suit you and your property. With our extensive range of decorative glass and georgian bar options, the world really is your oyster when it comes making your windows look stunning (*please see end of brochure for glazing options*)

French windows.

Stylish continental styled French windows are a great alternative to standard windows, as well as having the added benefit of an unspoilt view due to the lack of the fixed centre frame.

**Style
Options**

Vertical sliding sash windows.

Our vertical sliding sash windows have a timeless elegance, made with beautiful proportions and symmetry.

Crafted with attention to detail, they have the authentic looks of the original sash windows of a distinguished era, enabling you to retain the original character of the property itself.

Our sash windows not only emulate the aesthetics of their traditional timber equivalent, but they also offer many additional benefits.

A great choice for period style properties

Specialist window styles.

The tilt and turn window is popular for circumstances such as when an inward opening application is needed, such as windows with external bars or shutters.

They can operate simply in ventilation mode, where the top of the sash tilts inwards. When closing the sash and rotating the handle, the hinge mechanism will engage allowing the sash to the swing inwards. Ideal for a safe way to clean the external windowpane.

Residential Doors

Your front door is as individual as you are, it is a statement that creates a first and last impression of you and your home, so it makes sense to invest wisely.

Entrance Doors

We offer a wide range of UPVC front and back doors that will compliment your existing or replacement windows. With the option to match the door it is replacing or you fancy something different we are sure to have something you will like.

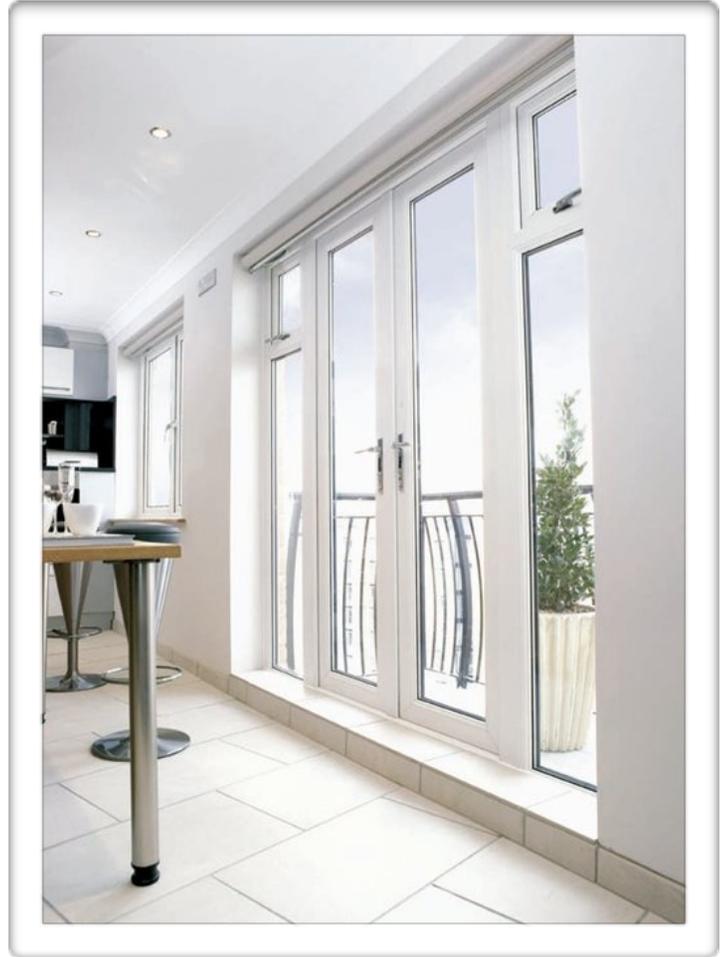

Our mix and match of door styles and colours, decorative glass patterns and door panels, sunning door furniture and a wide range of locking hardware means that each door is tailor made to suit you.

Please ask to see a full range of our door designs.

Patio and French doors.

Our range of UPVc patio and french doors are a great way of bringing the outside, inside. Bringing extra light and airiness to a room with the minimal obstruction. They allow for a wider opening and are a great option for conservatories and openings that lead straight out onto a patio or balcony.

Concertina bi-fold doors.

Our UPVc bi-fold doors feature panels that are configured into a number of folds, which concertina into a reduced space, allowing optimum light into a room with minimal obstruction.

They allow a much wider opening from a property or conservatory whilst creating an ultra modern and stylish look.

Door Furniture

All of our windows, doors and conservatories come with high quality furniture.

With 4 stunning finishes, white, black, gold and chrome, to choose from, you can rest assured that the design of your door will suit your own individual taste, and compliment your property.

Composite doors

Composite doors are becoming an increasingly popular choice when it comes to style and security.

Behind that rather scientific name is the latest technology and design in doors.

Our composite doors are made using a glass reinforced plastic finish, whilst the inner core is injected with high density polyurethane foam, meaning you will remain secure and warm in all weathers, and your door will last for years and years.

Great range of Colours

Our Composite doors come in a wide range of colours to suit any property, and can be complimented with a stunning range of glass designs and furniture

Secured by Design.

All of our composite doors are backed by the official UK Police initiative Secured by Design.

Popular Composite door styles & Glass.

How your door looks is entirely up to you. Like traditional style or contemporary? You can choose from over twenty designs in 10 beautiful colours. Below are a few of our most popular designs. If you would like to see our full range please ask to see our composite door brochure.

Conservatories

Our conservatories will enhance your lifestyle, allowing you to make the most of the outside with the comfort of being inside.

Conservatories can add a lot to your property, be it more living space, enhancing the look of your property or simply as an investment.

Conservatories allow you to enjoy the benefit of natural light and give an air of luxury that can be enjoyed all year round.

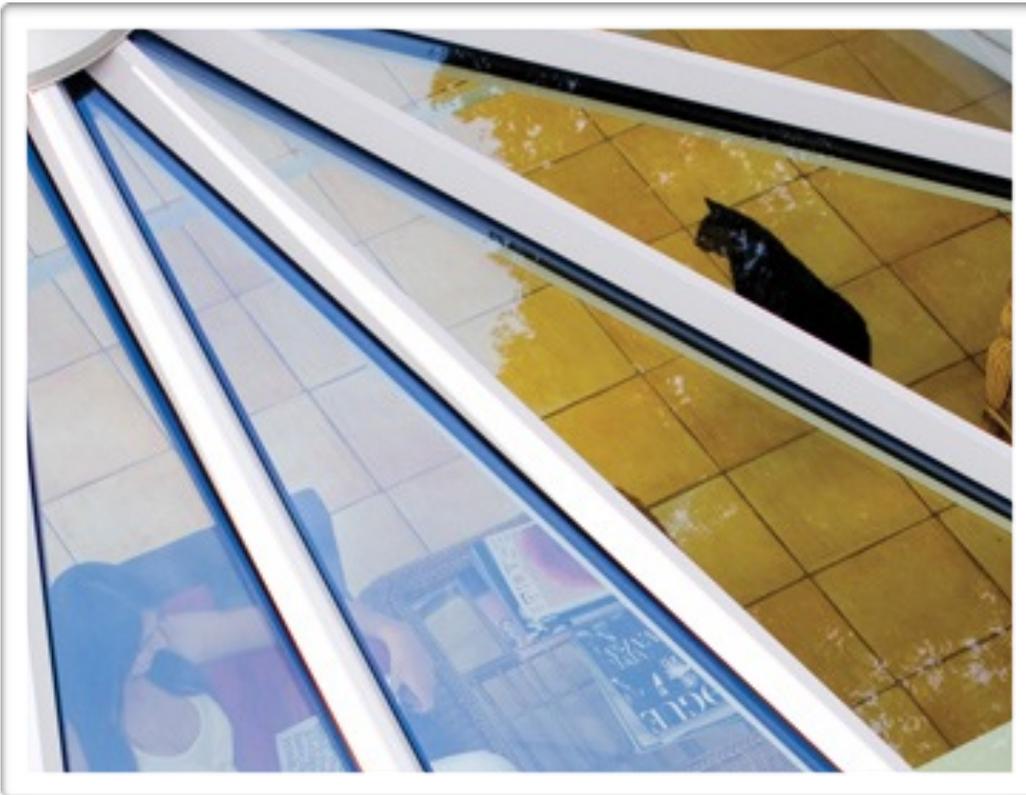

Choose a style to suit you.

Choose from a "T" shaped Edwardian or a "P" shaped Victorian conservatory with a multi faceted end. Our popular Edwardian design conservatories, can be made with either a square or rectangular base, and with no gable end gives its a timeless elegance that complements any property, traditional or contemporary

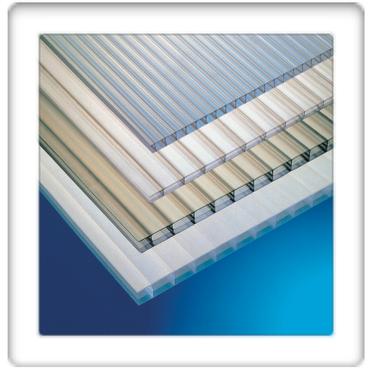

Roof glazing options.

Pilkington Activ self cleaning glass range

Activ blue

Polycarbonate range

Pilkington Activ™ Self-cleaning Glass

Pilkington Activ self cleaning glass uses the forces of nature to maintain a cleaner and clearer appearance. In a dual-action process organic dirt is broken down by daylight and is then washed away by rain, thus making it environmentally friendly and very easy to maintain.

The active range come in **Clear, Activ blue with solar control and Activ bronze with solar control**

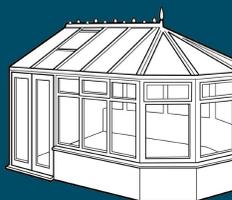

Polycarbonate

Polycarbonate is a good alternative to glass. It is also a cheaper option. In the past polycarbonate didn't provide good insulation but with new development and solar guard polycarbonate it now allows owners to enjoy the luxury of a warm cosy conservatory in the winter, and a cooler more comfortable conservatory in the summer.

Our Polycarbonate range come in **Clear, Opal, Bronze & Solarguard.**

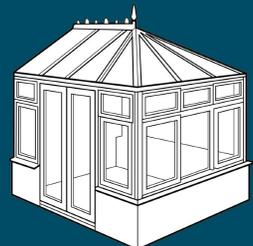

The Victorian

A minimum of 5 angular sides with a 3 or 4 facet roof. Available in a variety of sizes and finishes to suit your property

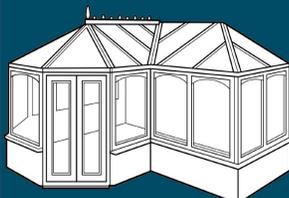

The Edwardian

Normally square or rectangular. Available in a range of sizes and finishes.

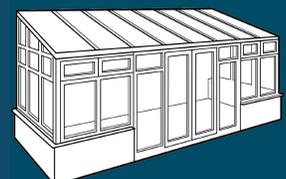

The "P" Victorian

A flexible style for those who want to create an even larger living space and add more value to their property

The Lean-to

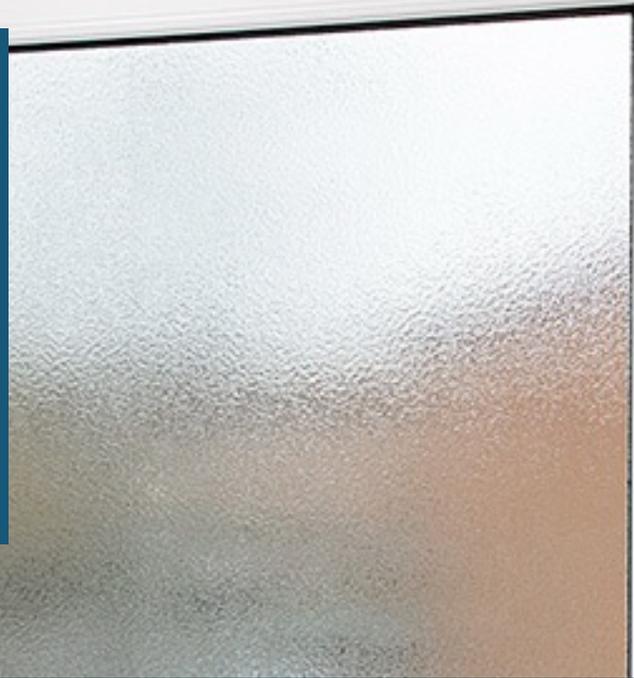

Square or rectangular, with a classic pitched roof system.

Texture Glass

For privacy, pure style or to allow more light into internal rooms, our Texture Glass range gives you a fantastic range of attractive options for your windows, doors and conservatories

The range offers no fewer than 18 different designs, from traditional to contemporary.

Glazing Options

Our range of glazing options don't just end with clear or textured glass, we also offer a range of featured glass options to compliment existing traditional styles or create a whole new look.

Be it diamond or square leaded, or georgian bar we are sure to have a style to suit you.

Diamond Leaded

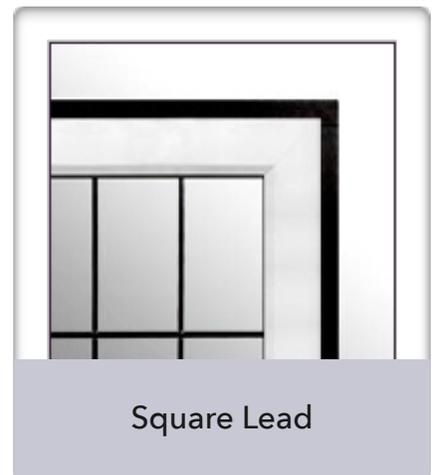

Diamond leaded double glazed units are an ideal choice for people who would like a more traditional look, or who already have diamond lead in their existing windows. This design can be applied to all of our windows, doors and conservatories.

N/B The lead is fitted to the outside of the glass

Square Leaded

Square leaded double glazed units are an ideal choice for people who would like a more traditional look or who already have square lead in their existing windows. This design can be applied to all of our windows, doors and conservatories.

N/B The lead is fitted to the outside of the glass

Georgian Bars

Georgian bars are an ideal choice for anyone looking to match existing traditional style timber windows, including sash windows. This design can be applied to all of our windows, doors and conservatories.

N/B Our Georgian bars are internally fitted between the two panes of glass that make up a double glazed unit.
